**TORONTO, Ontario (September 12, 2007)** - Central Fund of Canada Limited is pleased to announce that CIBC World Markets Inc. has exercised its right to purchase an additional 1,240,000 Class A shares, for additional gross proceeds of approximately U.S.\$11,700,000 to Central Fund. CIBC World Markets Inc. agreed earlier this morning to underwrite 10,600,000 Class A shares for gross proceeds of U.S.\$100,064,000.

The underwritten price of U.S.\$9.44 per Class A share was non-dilutive and accretive for the existing shareholders of Central Fund. The additional net proceeds are being substantially invested in gold and silver bullion in accordance with Central Fund's articles and stated investment policy. It is anticipated that this additional capital will reduce the annual expense ratio in favour of the existing and new shareholders of Central Fund.

Class A shares of Central Fund are qualified investments for RRSPs, DPSPs, RRIFs and RESPs. The Class A shares are also eligible investments in the United States for various regulated investors and accounts.

Central Fund (est. 1961) amended its Articles in 1983 to provide investors with an exchange-tradable share reflecting convenient, low-cost and secure ownership of gold and silver bullion that is physically stored on an unencumbered, segregated and insured basis and held in safekeeping within a Canadian chartered bank's treasury vaults. The bullion is audited semi-annually in the presence of Central Fund's auditors and bank officials.

The Class A shares of Central Fund have been listed on the Toronto Stock Exchange (CEF.A/CEF.U) since 1966 and on the AMEX (CEF) since 1986. They may be purchased on either stock exchange by worldwide investors.
